Contents

J. Csapó, G. Holló, I. Holló, R. V. Salamon, Sz. Salamon, Sz. Toró, Zs. Csapóné Kiss

Production of selenium-enriched milk and dairy products 5

M. Tamás, J. Csapó

Examination of the correlation between inorganic and organic selenium content of wheat grasses (*Triticum aestivum* L.) and wheat seeds produced in different soil types 30

J. Csanádi, J. Fenyvessy, S. Bohata

Somatic cell count of milk from different goat breeds.....45

A. Véha, P. Szabó, T. Bartók, E. Gyimes

Milling technological experiments to reduce Fusarium toxin contamination in wheat 55

M. Móré, G. Diósi, P. Sipos, Z. Győri

Investigation of rheological properties of winter wheat varieties during storage.....63

Zs. H. Horváth, A. Véha

Colour characteristics of winter wheat grits of different grain size.....70

L. Szabó, Zs. H. Horváth

Investigation of colour agent content of paprika powders with added oleoresin.....78

Cs. Németh, L. A. Castillo, F. Horváth, I. Zeke, L. Friedrich, Cs. Balla, Z. Németh, P. Póti

High hydrostatic pressure: Can we trust published data? 86

<i>A. Szabó-Nagy, E. Gyimes, A. Véha</i> Aluminium toxicity in winter wheat	95
<i>G. Diósi, M. Mór�, P. Sipos</i> Role of the farinograph test in the wheat flour quality determination	104
<i>D. Fekete, M. St�ger-M�t�, V. B�hm, G. Bal�zs, N. Kappel</i> Lycopene and flesh colour differences in grafted and non-grafted watermelon.....	111
<i>J. Tarek-Tilisty�k, M. Tarek, M. Juh�sz-Rom�n, J. Jek�</i> Effect of oil-seed pressing residue on bread colour and texture	118
<i>A. Barab�s, J. Szigeti</i> Experiences of using the fruit waste of the modern Hungarian p�linka fermentation technology for the foraging of extensively kept grey cattle	125
