

Acta Universitatis Sapientiae

Mathematica

Volume 5, Number 1, 2013

Dedicated to the memory of
Profesor Antal Bege (1962–2012)
first Editor-in-Chief of Acta Universitatis Sapientiae,
first Executive editor of series Mathematica

Sapientia Hungarian University of Transylvania
Scientia Publishing House

Contents

Sz. András

- Data dependence of solutions for Fredholm-Volterra integral equations in $L^2[a, b]$** 5

M. Bencze, M. Drăgan

- Some inequalities in bicentric quadrilateral** 20

Z. Finta

- Approximation by limit q -Bernstein operator** 39

E. Horobet

- Galois covering and smash product of skew categories** 47

A. Iványi

- Leader election in synchronous networks** 54

R. Szász, P. Kupán

- About a condition for starlikeness** 83

L. Tóth

- A survey of the alternating sum-of-divisors function** 93
